Q,M 4.2.1

4.2.1 Library is automated using Integrated Library Management System (ILMS)

Libraries of Central Sanskrit University are using E-Granthalaya 4.0 (Cloud version) as Integrated Library Management System for all the housekeeping operations.

Previously E-Granthalaya 3.0 version was used by the libraries of Central Sanskrit University.

E-Granthalaya is a Digital Platform developed by National Informatics Centre, Ministry of Electronics and Information Technology, Government of India for Government Libraries. Under the platform, NIC provides a complete ICT solution with integrated Library Management Software, Digital Library Module, Cloud hosting environment and a Library Portal (OPAC) with NICS empanelled Roll-out Services support. E-Granthalaya is useful to transform traditional libraries to e-Library with Digital Library Services which includes, automation of in-house activities of libraries, digital library integration, and to provide various online member services using Single Window Access System. Latest version of E-Granthalaya i.e. Ver.4.0 is a 'Cloud Ready Application' and provides a Web-based solution in enterprise mode with a centralized database for cluster of libraries.

The Cloud version of E-Granthalaya has the following special features:

1. Online Public Access Catalogue (OPAC)
<https://eg4.nic.in/sanskrit/OPAC/Default.aspx>
2. Different search operation features, like, title list, list of missing books, accessing register, asset register, etc.
3. SMS and e-mail alerts to readers
4. Various report generation, author-wise, subject-wise, shelf list, Bibliographies, etc.

Libraries of Central Sanskrit University are partially automated due to the transformation of data from the old version of software to the new version (cloud). **Overall, most of libraries are partially automated.**

Libraries are using this ILMS software for the following operations:

1. Cataloguing of the titles in the software
2. Copies entry of the title in the software
3. Circulation of the books (issue and return of books)
4. Providing open access to the catalog to the users through OPAC.
5. Notification through SMS or email to the readers regarding the issue or return of books.

The version and year of implementation of ILMS in libraries of the Central Sanskrit University is given below:
